## SAVING GROUP MEMBERS' TOTAL SAVINGS

Outcome indicator

## Indicator Phrasing

INDICATOR PHRASING: total savings of the supported saving groups' members

## What is its purpose?

The indicator assesses the total amount saved by the supported saving group members from the beginning of the project's support until the time of the survey.

## How to Collect and Analyse the Required Data

To calculate the indicator's value, review the records of all supported saving groups and assess the total amount of money saved from the beginning of the project's support until the time of the survey, including:

1) The savings that are currently provided as loans
2) Any profit generated from providing loans (i.e. interest rates)

## Disaggregate by

Disaggregate the data by the duration of the saving groups' operation (e.g. less than 1 year, $\geq 1$ year, 2 or more years, etc.) and any other relevant criteria.
